CIRQUE DU SOLEIL®
LAS VEGAS

FUN FACTS

- The Female Bungee Costume in *Mystère* has over 2,500 sequins applied by hand. The application takes over 20 hours for one costume.
- *Mystère* Guitarist Bruce Rickerd has performed in more than 10,000 shows in the show's 22 year history, earning him a Guinness World Record.
- More than 110 bounces on the trampoline and more than 65 teeterboard jumps are performed during one show.
- There are more than 1,500 pairs of shoes in the wardrobe.
- The pool contains 1.5 million gallons of water that can be transformed into a dry stage in a manner of seconds.
- "O" features the largest contingent of Olympic Athletes of any of the *Cirque du Soleil* productions, with nine of our performer's having participated in one or more Olympic Games before joining the show.
- The music of "O" is played live every night. The musicians need to be in a climate controlled environment, as many of their instruments are quite valuable and react easily to changes in temperature or humidity.

FUN FACTS

CIRQUE DU SOLEIL® LAS VEGAS

- The stage at KÀ rotates 360 degrees.
- Each night, two tons of granular cork (one ton per show) simulates sand in the Wash-up scene.
- During pre-show 120 fireballs are discharged measuring 30 ft. in height and reaching temperatures of 1200 degrees Fahrenheit.
- More than 110 live arrows are shot through the air at each performance. The artists spend many hours in training to learn proper archery techniques.
- The boat in the Storm scene weighs 1,800 pounds and is completely manipulated onstage by the artists.

- Each of the theatre's 1,804 seats has three speakers—left, right and center—for a total of 5,412 seat speakers.
- The *Michael Jackson ONE* Muse character's guitar shoots 30-foot streams of pyro.
- Michael Jackson was fond of Swarovski crystals, and the use of this material in the show was self-evident. The "Dirty Diana" costume contains over 7,000 Swarovski crystals.
- The show utilizes three stage lifts that travel 20 feet from basement to stage at a maximum speed of 1 foot per second.
- In addition to the 28 strobe lights and 587 lighting fixtures in the show, there are 295 custom LED fixtures built into the show's various set pieces.
