

New thrills for 2023

SeaWorld Parks are excited to announce the opening of not one, but **TWO** new rides in Florida in spring 2023...

The world's first Surf Coaster

Feel the power of the ocean in a whole new way on Pipeline: The Surf Coaster at SeaWorld. The surfboard-shaped ride vehicle will give you an immersive experience from the moment it starts. You will be secured on the roller coaster in a surfing position. Seats rise and fall to mimic the sensation of riding on a wave while sending you through several gnarly twists and turns.

Pipeline features:

- Get the rush of cutting through waves as you race up to heights of 110-feet in the air
- A coaster that reaches maximum speeds of 60mph
- Go upside down on a wave curl along the 2,950-feet of track
- Experience five different airtime moments

The world's tallest and fastest ride of its kind

Experience the pulse-pounding thrills of Serengeti Flyer at Busch Gardens. Let your feet dangle as you soar higher and faster with each swing while experiencing multiple negative-G moments before plunging back toward the Earth.

Serengeti Flyer features:

- Twin duelling arms swaying back-and-forth
- A ride reaching speeds of 68mph
- Maximum height of 135 feet at the ride's peak
- Guests will be seated back-to-back in rows of 10 across two gondolas
